MARYVILLE MAY GET NO PAVING

OWNERS KILL IMPROVEMENTS EXCEPT ON 2 1/2 BLOCKS.

BIG COST TO CITY MAY PROVE FUTILE

Council Expects Over \$700 for Street Surfacing, Which Will Probably "Die."—Expect No Bids.

Maryville will probably do no paving this year. If it does, it will be but two and one-half blocks, that being from Market to Main on Jenkins and from Third to the alley north of First on Market. As it is believed no paving contractor would take such a small job, it is likely that all the efforts to improve the streets of Maryville will prove futile.

And that, after the city council and city officials have expended between \$700 and \$900 in trying to get the paving, through extra council meetings, special legal counsel, estimates, etc.

A meeting held yesterday afternoon by M. A. Peery and H. L. Raines, members of the council street committee, and City Engineer F. L. Flynt, developed the fact that sufficient remuneration has been made to all the proposed paving, except the block and one-half on Market and the block on Jenkins. Ed Drago, the other member of the street committee, was out of the city.

Up to Council Tonight.
That is the finding the committee will report to the city council in a special meeting tonight. What the council will do is not certain, though it probably will pass ordinances to pave the two and one-half blocks, and advertise for bids. If none are submitted the propositions will then probably be dropped.

Some predict that the council will decide tonight not to order in the two and one-half blocks of paving, realizing that it would be almost impossible to get bids on such a small amount.

The remonstrances to the proposed paving have been stronger this time than when the council first proposed the paving, but later had to reject bids and readvertise, on account of flaws in the grade ordinances and resolutions.

Meet Property Owners Oppose.
The meeting of the street committee developed the following facts, according to Councilman Peery, as to the sentiment of property owners relative to the paving:

Third, Frederick to Grand; Grand, Third to Normal avenue, and Normal avenue from Grand to Munn avenue—For 10, against 16. Majority against paving 6.

Fifth, Market to Dunn, and Dunn, Fifth to Normal avenue—For 21, against 26. Majority against 5.

Thompson, Walnut to Main—For 11, against 16. Majority against 5.

Mulberry, Ninth to Twelfth, Twelfth from Mulberry to Prather avenue, and Prather avenue from Twelfth to west city limits—All against but one.

Ninth, Mulberry to Normal grounds—Big majority against paving.

Market, Edwards to alley north of First—For 22, against 26. Majority against 4.

Market, Third to alley north of First—For 7, against 4. Majority for 3.

Jenkins, Main to Market—None against paving.

Some Details in Dispute.

It is said the title to several pieces of property on that part of Fifth street proposed for paving were not legally made, but it is not likely that any contest along this line will be brought by the city, it is reported.

Those who favor the paving say that several who oppose the paving on these two streets pretended to transfer the rights to certain property in order to thereby get more names on the remonstrances.

Remember a Maryville Boy.

Forrest C. Donnell, St. Louis lawyer gets mention in a booklet on St. Louis entitled "Men and Affairs in St. Louis," just issued by the Press club there. Mr. Donnell formerly lived here, having graduated from the local high school. He delivered the address at the graduation last spring.

MAY MAKE MOSCOW, CAPITAL

Russian Government Considers Removal of Seat to Interior Through War, Reported.

Special to The Democrat-Forum.
Berlin, August 17.—According to Petrograd papers just arrived here the Russian government is seriously considering the removal of its seat to Moscow or some other large city in the interior of the empire. This step may be taken if Riga falls into the hands of the Germans.

The minister of justice, Shchegolov, has submitted the plan to the czar, but the ruler does not favor it, as he considers an attack on his capital highly improbable, and does not believe that the unrest of the socialist working classes will lead to serious uprisings.

COMPANY F TO NAME OFFICER

First Lieutenant to Be Named in Election Tomorrow Night—Approve Rifle Range.

A call has been sent out by Captain John K. Ross of Company F, Fourth regiment, National Guards, for every member of the company to be present at the armory tomorrow night, when a special election is to be held for the purpose of electing a first lieutenant for the company.

The place has been vacant since the removal of Loren DeMotte last spring.

That Company F is soon to have a creditable rifle range on which the militiamen may get actual practice in the use of the army firearms, was better indicated when Captain Gordon, inspection officer for this regiment came here yesterday to inspect the proposed rifle range, which he approved.

It is located northeast of the Lee bridge and admits of a long range. It was selected recently by Captain Ross and Arch Ledgerwood.

HAS HEAVY FIRE LOSS.

Barn and Granaries on Frank Wood Ranch, Near Seward, Neb., Burned.

Frank Wood of Seward, Neb., a former resident of Nodaway county, met with a heavy financial loss a few days ago, when a large barn on his Nebraska ranch was struck by lightning and burned, together with a granary and its contents.

In addition to the buildings, the loss included 140 tons of hay, 200 bushels of oats, 300 bushels of corn and one horse. The other horses in the barn at the time of the fire were saved.

WABASH HAS LANDSLIDE.

Steep Bank Caves, Covering Main Line Tracks—Work During Night.

A slide of the steep bank made by the dredging on Normal hill, which resulted last night as a result of the rainfall, covered parts of the Wabash main line track there and necessitated considerable night work on the part of the improvement crew to remove the track obstruction.

It is feared by Wabash officials that considerable trouble will be caused there by the steep banks created through the big cut through Normal hill. Some steps to straighten the banks will probably be made.

TO REPAIR JEFFERSON SCHOOL.

Lightning Knocks Off Plastering and Damages Chimney—Little Other Improvement.

The damage done by the bolt of lightning which struck the chimney of the Jefferson School house, East First street, this summer, will be repaired within a few days, according to L. E. Carpenter, a member of the school board. He and W. H. Crawford, also a member, were arranging for the improvement yesterday.

The lightning tore off part of the chimney and ruined much plastering. Little other improvements are to be made on any of the school buildings, Mr. Carpenter said, as the board made several improvements along this line last year.

To New York University.

Elmore Frank, the son of Mr. and Mrs. J. D. Frank, left yesterday for New York City, where he will enter New York state university for the coming year. He will spend a few weeks visiting his grandmother, Mrs. J. B. Elmore, before taking up his studies.

SEND TWO TO FAIR

EXAMINATION TO SELECT BOYS FOR ANNUAL SCHOOL, SEPT. 2.

MEANS WEEK'S TRAINING

Nodaway County Youths Have Chance to Get Special Agriculture Instruction at Sedalia Next Fall.

Two boys from Nodaway county will be given free admission and free board and lodging for the full time of the Missouri State Fair at Sedalia, Sept. 25 to Oct. 2, as is the annual custom.

The examination to determine which two boys of Nodaway county will represent this county in the Boy's State Fair School, will be held in the office of County School Superintendent Bert Cooper, Friday, September 3, with the assistance of one state official from the state public school department. Any boy between the ages of 12 and 17, is eligible to take the examination for representation to the state fair.

Dewey Burch, son of John Burch, near Pickering, was one of the two boys selected last year, but he took ill during the fair and had to return home. The examination to determine which boys shall go, is not difficult. It will consist of five questions on each of the following subjects: Arithmetic, geography and agriculture and a 250 word essay on "leguminous crops."

Last year about a dozen boys took the examination and about that number is expected to take the quizzes this year. An effort is now being made to have a state fair school for girls too, next year.

Get Much Practical Farm Education.

In order that the fair may better serve the state in informing the young men as to her vast resources and teaching them how to use and conserve the same, the State Board of Agriculture is offering the above opportunity to two hundred and twenty-eight of the state's young men or two from each of the 114 counties.

On the fair ground during each day of the fair may be seen 114 small tents in each of which will be an outfit for two boys, two cots and mattresses, wash basins, combs and towels.

In this camp will also be seen a large mess tent, in which the boys will receive three square meals a day, cooked by experts and served under the most sanitary conditions, and a large lecture tent, wherein the forenoon will be given various lectures and demonstrations for the instruction of the boys.

The state university, the department of agriculture, the State Poultry association and various individuals will give the young men the best they have. In fact, the entire educational force of the state will be concentrated at the camp for the purpose of giving to the most impressionable part of the state those facts which will count toward making Missouri a better Missouri.

Get Idea of Modern Methods.

There will be at the disposal of these instructors the best stock, the best poultry, the best grain, the best fruit, the best silos, the best machinery—the best of everything to be used as concrete material with which to work.

In addition to this, one-half day will be spent in an auto ride over Pettis county, under the direction of Sam Jordan, the farm agent, and the boys will see the results of some practical work done by the best farmers of the state. This will be a great week for the boys.

The plan of supporting this school by the state and offering opportunity to young men from all counties to attend and receive valuable instruction in modern methods relating to agriculture has the approval of the agricultural college and educators of the state. Each boy is required to pay his railroad fare, but all expense while on the ground, including admissions, is met by the state.

The increasing interest manifested by the people shows the high esteem in which the school is held and warrants the fair board in making this a permanent feature of our state fair. The excellent essays written by the boys and published in the county newspapers describing the exhibits, stock shows, races, lectures, addresses and entertainment bear evidence that the object and purpose of the school have been fully realized.

Hear Able Farm Lectures.

Last year at the state fair school from 7 to 8:30 o'clock each morning the boys visited the places of interest and made notes on the various exhibits. From 8:30 to 9 o'clock each day they assembled in the lecture tent and were given instruction in the use of agricultural bulletins; more than fifty (Continued on page 2.)

DEFER BOOSTER BALL GAME

Maryville and St. Joseph Will Not Play Today—No Games This Week.

The rain yesterday afternoon placed the Normal base ball diamond in such condition that the base ball game scheduled for this afternoon between the Maryville Boosters and the St. Joseph All-Stars had to be called off. As the base ball tournament opens at Hopkins tomorrow and continues three days, the Boosters will play no games this week.

The Boosters now have three games yet to play before finishing the schedule of thirteen games. The Boosters and the All-Stars may play next Tuesday afternoon.

MANY HORSEMEN TO ATTEND FAIR

PLAN HORSE SHOW IN CONNECTION WITH COUNTY EXPOSITION.

WILL HAVE EXHIBIT 3 NIGHTS OF WEEK

Feed Townsend Offers Loving Cup to Winner in Horse Show—Many to Enter.

That the county fair to be held on the fair grounds here this summer by the Maryville-Nodaway County Fair and Agricultural association is to also include one of the best exhibitions of thoroughbred and racing horses of the middle west is the plan of Jim Andy Ford, manager. In addition to the usual daily racing contests on the fair ground track, a horse show for three nights of the week also is the association's intention, Manager Ford announced this morning.

This show, although somewhat similar to that held several mornings last September during the fair, will be held at night in front of the grand stand, in addition to other evening attractions. There will be three classes shown, three-gait, five-gait and light harness animals, prizes to each being provided, they being double that offered last year.

Loving Cup to Best Entry.

In addition to the prizes offered by the association, Ferdinand Townsend, has decided to offer a large triple-plated silver loving cup to the winner of the show. This trophy is now on display here. The cup will be engraved with the name of the winner, the horse that won and the time. It stands about fourteen inches high.

It was Mr. Townsend's intention to offer such a trophy last year, but on account of other plans already being made in advance by the promoters, this special offer was dropped at that time.

Dozens of leading owners of race horses or show animals through Missouri and the middle west have also written for concessions at the fair here, while offers of attractions also are flocking in in profusion.

CASH HARDWARE STORE.

Garrett & Eckert Will Place Their Business On This System September 1.

Commencing with September 1, the Garrett & Eckert Hardware company will place its business on a cash basis. This announcement was made by the firm today. After investigating the matter the members of the firm have concluded that they can benefit both their customers and themselves by so doing. They believe that by eliminating the expense made necessary by the credit system they can give their customers better inducements. Not only will less capital be required, but the expense of collecting and loss on accounts will also be done away with.

Mr. Garrett and Mr. Eckert believe that their customers will appreciate the advantages offered by the cash system, which has met with success in other lines of business.

Tarkio Depot Contract Let.

Joseph McCoy, a Tarkio contractor, has been awarded the contract for the construction of a new station by the Burlington railroad at Tarkio.

The Burlington is having the old water tank torn down and the present station moved north, where it will be used as a freight depot. The new station will be of brick veneer, and the tracks on the west side will be changed and a park laid out.

LEO FRANK KILLED

GEORGIA MOB STEALS CONVICT FROM PRISON, THEN HANGS HIM.

PUT WARDEN IN IRONS

Armed Invaders Tied Guards, Then Took Victim—Found Near Grave of Victim.

Special to The Democrat-Forum.

Atlanta, Ga., August 17.—Leo Frank, convicted of the murder of Mary Phagan at Atlanta two years ago, and recently placed in the state penitentiary, was taken from the prison at Milledgeville last night and was found murdered on Little river, near Marietta, Ga., early this morning by searchers and officers.

Frank's body was brought here today for safe keeping by men who took it from an undertaker's wagon at Marietta, near where the body was found. It was feared a mob would steal the body.

Hung Near Alleged Victim's Grave.

Marietta, Ga., Aug. 17.—Leo Frank's body was found hanging to a tree two miles from here on the Roswell road, on Little river, at 8 o'clock this morning. The mob which took him from the prison at Milledgeville at 11 o'clock last night made good the threat that they would hang him near the grave of his alleged victim, Mary Phagan.

So quietly did the mob do its work that people here knew nothing of it until this morning, when the crowd was found viewing the hanging corpse. No shots were fired, nor was the body mutilated, except that when hung the cut on the throat, made by a fellow prisoner recently, was reopened and blood was still trickling down when the undertaker arrived an hour later to cut the body down.

Order an Investigation.

His eyes had been bandaged and his hands tied behind his back by the mob before being hanged. He was clothed only by a sack tied about his hips.

Many women and babies crowded about the corpse. The mob disappeared completely from the community. It was supposed that the lynchers went from this county, but as far as is known every man here can account for himself last night.

Atlanta, Ga., August 17.—An investigation into the hanging of Leo Frank will be ordered by state authorities, it is announced.

Milledgeville, Ga., August 17.—Leo M. Frank, Georgia's noted life term convict, was removed from the Georgia prison farm here last night by twenty-five armed men, who overpowered Warden Smith. Previous to the attack wires leading to the prison itself had been cut. Frank was placed in an automobile and rushed in the direction of Eatonton.

The attack was made shortly before midnight. The warden and most of the guards were sleeping on a rear porch of the main building in which the prisoners are confined, both he and guards were handcuffed, after which the party entered the prison and removed Frank.

HISTORY OF THE FRANK CASE

Hebrew Was Superintendent of Pencil Factory Where Mary Phagan, an Employee, Was Slain.

Leo M. Frank was found guilty of the murder of Mary Phagan August 25, 1913, and was sentenced to be hanged. He was the superintendent of the National Pencil company in Atlanta, in the basement of which the girl's body was found by a night watchman the night of April 27, previous.

Repeated attempts were made in the state courts to obtain a new trial for Frank, but without success. Efforts to obtain a writ of habeas corpus in the federal district court in Atlanta, and finally in the supreme court of the United States also were futile.

The night of June 21, this year, two days before the date set for the prisoner to be hanged, he was removed from the county jail in Atlanta and rushed to the state prison farm upon orders from Governor Slaton, now retired. The next day the governor announced that he had granted a petition made in Frank's behalf, asking that his death sentence be commuted to life imprisonment.

A few weeks ago an attempt was made by J. William Green, another life convict, to kill Frank by cutting his throat. Frank's condition was critical for several days, but it was announced recently that he practically had recovered.

CURFMAN TO OPEN TIN SHOP

Former Hardware Merchant to Start New Business in Stillwell Building, on East Second.

Fred Curfman has leased the Stillwell building east of the Empire theatre and will open up a tin shop September 1. Mr. Curfman was in the hardware business in this city for some time, selling out a few years ago and taking up farm life.

The new business will be devoted to all kinds of tin work and repairing and Mr. Curfman will install all the newest appliances for doing good work.

Teutonic Invaders Continue Drive Against Russians in Many Points.

Special to The Democrat-Forum.
Berlin, August 17.—It is announced that the Kovno fortress between Niemen and Gozla has been captured with 500 prisoners. The buildings of the main part of the Kovno fortifications soon fell.

A big fort northeast of Novogeorgiek also is reported to have been captured by Teuton troops.

READY FOR HOPKINS TOURNEY

Maryville Federals Have Strong Line-up for Four-Team Base Ball Contest.

The Maryville Federals are all ready for the three-days baseball tournament which opens at Hopkins tomorrow afternoon, with the Federals and the Clearmont, Hopkins and Bedford, Ia., teams competing for the \$350 in prizes, Cleve Funk, Federal manager, announced this afternoon. And what is more, the Federals are going in to win first prize of \$125.

The local team will have two mighty fine twirlers to do the trick with. Manager Funk said he would pitch Fern Willey, the fellow who struck out fourteen Stauberry players Sunday, as pitcher tomorrow and Friday. Clay Vaughn, who came to Burlington Junction recently from the Kearney, Neb., state league team, will probably twirl for the locals Thursday.

Richardson will be receiver for all three games, it is planned. The remainder of the line-up for the game tomorrow and probably the other two games, is: Tilson, lb; Palfreyman, 2b; Rapp, 3b; Scott, ss; Morris, lf; Carmichael, cf; Miller, rf.

Palfreyman and Scott may be transferred for one or two of the games, Manager Funk said. James McClymens of College Springs, Iowa, will umpire the games.

Quite a bunch of baseball fans of Maryville are intending to witness all or part of the tournament.

GALVESTON CUT OFF, WHEN HURRICANE SWEEPS OVER SEA WALL.

FIRES ADD TO DAMAGE; GULF CROPS DESTROYED

Special to The Democrat-Forum.

New Orleans, August 17.—Galveston is today emerging from the flood resulting from the hurricane. Five lives were lost and property damaged to the extent of \$1,000,000, it is estimated.

Water is flooding many of the streets near the gulf sea wall, but is reported to be receding today. Several fires broke out over the city, which were doing considerable damage this morning. The Grand hotel is one of the buildings which is burning.

The transport McClellan is among the many boats damaged by the hurricane.

Communication with Galveston, by telegraph, telephone or wireless is almost completely cut off, and train service has been annulled.

Austin, Texas, August 17.—Galveston, Houston and numerous other cities on and near the gulf coast is cut off from communication as a result of the hurricane. Efforts made to learn the extent of the storm damage have been unavailing.

It is known that part of the causeway between Galveston and the mainland has been cut away, however. Water is reported to be three feet deep in Galveston, but government weather warnings there prevented much loss of life.

Telephone and railroad companies are rushing gangs of workmen to repair the broken lines between Galveston and Houston and Beaumont.

Houston, Texas, August 17.—Refugees arriving here today from Galveston report few lives lost in the hurricane which swept that city yesterday. Considerable property damage was done, however, and numerous boats were overturned in Galveston bay. Many Galveston streets are reported to be flooded.

Austin, Texas, August 17.—Two hundred miles of coast between Sabine and Matagorda is cut off from the world as a result of the hurricane which swept the coast of the Gulf of Mexico yesterday and today. It is feared some ships at sea met with disaster. Crops in this section have probably been ruined.

It is reported that Grand Island, Texas, is under six feet of water. Rain is still falling in torrents here. The hurricane has penetrated a considerable distance inland through Texas and Louisiana.

Royal Edward, With 1,602 Troops Aboard, Struck by Submarine—Report 600 Saved.

Special to The Democrat-Forum.

London, August 17.—The British transport Royal Edward was sunk by a German submarine while conveying troops to the Dardanelles, the admiralty announces. There were 1,602 troops aboard, the admiralty says, while 600 have been saved.

It is believed the same submarine sunk the Royal Edward that sank two British warships off Gallipoli. The transport was using every precaution to escape attack.

Miss Nellie Hudson will spend this week at Skidmore, the guest of Miss Carrie Torrey.

PEACE WITH HONOR.

"Peace with honor is what President Wilson is trying to hold for the United States," said Thomas R. Marshall, vice-president, in Kansas City yesterday.

But if it should come to the point where we would not be able to maintain peace with honor and would have to scrap, then we would scrap and that's all there is to it."

The jingoes who jeer and mock and scoff and scorn the pacific people, accusing them of selfish timidity will find in this phrase, peace with honor, a cattle guard to stop their rush upon the track to war. What is peace with honor? Where peace with honor ends, war with honor begins.

This is all that pacifists demand. To fix the point for the parting of the ways is the only issue. Pacifists are not afraid to fight. Bryan, one of the first in peace, was one of the first to enlist in the Spanish war. President Wilson while bearing with patience for the sake of justice the infirmities of the Southern Republic will not be accused of hesitating from any dread of the outcome.

Nor by any unselfish interest, Mexico would crumble like an eggshell under the iron wheels of our howitzers. The invitation to South American republics to join in an appeal for peace was not for military help. It is the initial trial of the coming system of a United States of the world for policing national lawlessness with such superior force as will overawe anarchy.

It may fail and such reasonable force as is necessary to arrest and restrain anarchy may become necessary. If so the proceeding will be without hatred or ambition or covetousness and in the form of justice for humanity's sake. What is war with honor? "Honor and fame from no conditions rise, act well your part, there all the honor lies."

Every form of reason and right known by a people learned in the arts of governing themselves, must be used to avoid the release of the dogs of war, those begging militarists now straining at their leashes to be let loose. Violence is only fit to be the sheriff of justice.—Moberly Monitor.

FIRE CAUSES \$1,500 LOSS

Lightning Ignites Hay Barn on August Stelter Farm, Near Clearmont—3 Horses Killed.

A big hay barn on the farm of August Stelter, near Clearmont, was struck by lightning during the thunder storm of yesterday afternoon and set on fire, and the barn and three horses and about 50 tons of hay destroyed.

Lewis and Henry Stelter and Edward Morrell, who were working in the field, had taken shelter in the barn when the storm struck. All three were stunned by the electrical shock when the bolt struck the barn. One horse was killed by the lightning and the other two were burned to death.

The total loss to Mr. Steiter is about \$1,500, and he carried no insurance. A barn on the C. D. Horn place, in Elmo, was also struck by an electrical bolt and slightly damaged during the storm.

SUBMARINE SHELLS BRIT'S COAST TOWNS

London, Aug. 17.—Parton, Harrington and White Haven, in Cumberland, England, on the Irish sea, were bombarded by a German submarine, a British official statement announced. Some fires were caused, but the damage was slight and there were no casualties, the statement adds.

The text of the statement follows: "A German submarine fired several shells at Parton, Harrington and White Haven, in Cumberland county, between 4:30 a. m. and 5:20 a. m. but no material damage was caused. A few shells hit the railway embankment north of Parton, but train service was only slightly delayed. Fires were caused at White Haven and at Harrington, which were soon extinguished. No casualties were reported."

WIRE PICKERING FOR LIGHTS.

Maryville Firm Now Equipping Many Homes for Modern Lighting System.

A force of men from the Maryville Electric Light & Power Company, under the direction of Ed. Drago, and Manager C. C. Helmers, is now at work wiring many homes and business buildings in Pickering for electric lights and power. The transmission line to Pickering will not be begun for a short time, as all equipment is not yet here.

It is believed that most Pickering residents will use electric lights, while all business establishments will be equipped with the modern lighting.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. CATTLE, SHEEP SELL LOWER

Boost in Prices Increased Last Week But Declined Again—Hogs Sold Better.

Kansas City, August 16.—There was a suspicion of strength in the cattle market late last week, killers picking up everything freely, but liberal supplies around the market circle today removed the bloom, and sales are called steady to 10c lower.

Receipts here are 17,000 head, the largest supply this season, and well distributed as to quality and breeding. Top corn-fed natives sold at \$9.90, a number of sales around \$9.75, mixed yearlings \$9.85, prices steady with last week. The middle grades sold 10c lower to both killers and feeder buyers, at \$7.75 to \$8.60 for most sales. It was predicted that feeders would undergo a break today, but there was outlet for them at only slight reduction from the close of last week, though 15 to 35 cents under a week ago. Some good 1,100-pound Kansas feeders sold at \$7.90. Stock grades are 50 cents below a week ago.

A drove of good reds and blacks weighing 800 pounds sold at \$7.00, which would have brought \$7.50 or better a week ago. Good 900-pound Shorthorn feeders, thin fleshed, sold at \$6.75, and useful stock cattle can be bought at \$6.50. Breeding heifers are selling higher than anything else on the list, a four-car drove of yearlings today at \$7.60, weighing 550 pounds, with nothing extra in the way of breeding.

Quarantine receipts were 47 cars, market steady to 10c lower, fed steers \$7.75 to \$8.50, Oklahoma grass steers \$5.90 to \$6.85, wintered steers, \$7.60.

Hogs sold strong to 5c higher to order buyers, and steady to packers. Order buyers are getting 30 per cent of the hogs here, and as these are all of the choicest grade, the hogs left for packers fully bear out their name, "mixed packers." Receipts were 1,006 head, order buyers paying \$7.25 to \$7.47½ for their hogs, packers stopping at \$7.35, and heavy hogs at \$7 to \$7.15.

A local packing house is buying hogs at Omaha to a very large extent, and claim they are getting their hogs much cheaper by that method than they could buy them here.

Sheep and lambs are 15 to 25 cents lower today, following weakness Thursday and Friday. Receipts were light here, 6,500, but heavy at Omaha and Chicago. Medium native spring

lambs sold at \$8.15, choice Utahs at \$9.45, which defines the range on spring lambs. Fat ewes sold at \$5.60 to \$6.60, and breeding ewes \$6.00 to \$6.75, feeding lambs \$7.50 to \$8.00. Feeding and breeding stock will be plentiful here from now on.

WEDGE DRIVEN IN RUSSIAN FRONT

Left Wing of Bavarian Army Fights
Way Across River Bug.

MACKENZIE IS ADVANCING.

Von Hindenburg Also Credited With
Successful Attack on Advanced
Defenses of Kovno—Hand Grenade and
Mine Fighting on Western Front.

London, Aug. 17.—The left wing of the Bavarian army, under Prince Leopold, has fought his way across the Bug river near Drohobysyn, which lies to the east of Sokolow, and is some fifty miles northwest of Brest-Litovsk, according to the official Berlin report.

This move forms a slight wedge in the Russian front, which had been virtually straight since the Warsaw salient was abandoned.

Field Marshal von Mackenzien also is reported to be pushing back the Russians along the Bug, where the Germans are advancing along the eastern bank of that river. Farther west, Field Marshal von Hindenburg is credited with a successful attack on the advanced defenses of Kovno. As well as a successful attempt to break the Russian lines between the Narva and the Bug after the Norwicz river had been crossed by the Germans. The Russians report German attacks on Osnowitz.

The usual grenade and mine fighting is reported on the western line, and here has been activity along minor fronts in the Caucasus, where the Russians claim that they have successfully repulsed Turkish attacks.

An official Turkish dispatch, according to a dispatch from Constantinople, asserts that the town of Van has been recaptured from the Russians. The report announces the repulse of an attack by the allies on the Gallipoli peninsula.

Washington, Aug. 17.—"Eight hundred and twenty-six shots with ninety hits doesn't sound much like the 95 per cent of accuracy which we have heard so much about, does it?" asks Representative Gardner of Massachusetts in a letter to Secretary of the Navy Daniels.

In renewing his controversy with Mr. Daniels concerning the efficiency of the ships of the navy, Mr. Gardner presents a statement that the best score made by any ship in individual practice this year was that of the New York, twelve hits out of seventy, while the New Hampshire was lowest, making only one hit out of twenty-eight shots.

Servians Block Austrian Movement.

Paris, Aug. 17.—A Havas dispatch from Nish says that the Servians, with a few shells, stopped the enemy from working on defenses in front of the village of Dobra, on the Danube. On the same day Servian artillery before Vukobrod, near Belgrade, engaged in a duel with a hostile battery stationed in the village of Starchevo, and at the twelfth shot reduced the enemy's guns, which had fired sixty shells, to silence.

Mr. Albert Kuchs, as everyone knows, is just about the most polite inhabitant of the city, but once in a while around the theater he has a question to answer that clearly puzzles him. For, of course, he needs must keep that time in sight when he answers a patron's question.

The other night a woman approached Mr. Kuchs with the query: "I would like to know if this show is perfectly moral and proper?"

Mr. Kuchs cast a scrutinizing look at his questioner and then answered hesitatingly:

"Really, I am not a good enough judge of human nature to know which way to answer."

A Change in Business Policy

Beginning Wednesday, September 1, 1915, This Store
Will Adopt a Strictly Cash Business.

We have given the matter the most earnest consideration and the more we have thought about it the more firmly have we become convinced that this is the correct business policy, because it not only saves us from the chance of loss, but it makes it possible for us to sell our goods at lower prices—which is the end of the proposition that interests our patrons.

The credit business is expensive. It is not so much that a considerable amount is lost through failure to collect the accounts that are made, because the loss in this way is small in any business where the credit department is careful about the names that get on the books.

The trouble with the credit business is that it takes about twice as much capital to conduct the business as is necessary where the money comes in when the goods go out. This is made necessary for the reason that when the goods go to our patrons and a charge is made we have to get more money to replace the goods—and that means we have to supply the money that is represented in the charge accounts and then supply a like amount to pay for the goods that are required to keep the stock replenished.

When you are buying for cash and selling for cash it means a quick exchange of the same working capital. For instance, under the cash system we buy a bill of goods, paying cash and getting the advantage of the cash discounts that are always available to the cash customer. We sell that bill of goods to you for cash. We then have the money ready to use again.

Selling goods for cash means a saving to the customer—and the merchant who expects to remain in business must so arrange his business as to enable him to make the prices that will get and hold the patronage of his trade territory.

We know that we can sell at a lower margin of profit if we sell for cash. We know the people residing within the trade territory of Maryville can pay cash if there is sufficient inducement to do so. We know we can offer the inducement that will prove attractive to our patrons.

VOLUME 6.

MARYVILLE, MISSOURI. TUESDAY, AUGUST 17, 1915.

NO. 64.

MARYVILLE MAY GET NO PAVING

OWNERS KILL IMPROVEMENTS EXCEPT ON 2 1/2 BLOCKS.

BIG COST TO CITY MAY PROVE FUTILE

Council Expends Over \$700 for Street Surfacing, Which Will Probably "Die."—Expect No Bids.

Maryville will probably do no paving this year. If it does, it will be but two and one-half blocks, that being from Market to Main on Jenkins and from Third to the alley north of First on Market. As it is believed no paving contractor would take such a small job, it is likely that all the efforts to improve the streets of Maryville will prove futile.

And that, after the city council and city officials have expended between \$700 and \$900 in trying to get the paving, through extra council meetings, special legal counsel, estimates, etc.

A meeting held yesterday afternoon by M. A. Peery and H. L. Raines, members of the council street committee, and City Engineer F. L. Flynt, developed the fact that sufficient remonstrance has been made to all the proposed paving, except the block and one-half on Market and the block on Jenkins. Ed Drago, the other member of the street committee, was out of the city.

Up to Council Tonight. That is the finding the committee will report to the city council in a special meeting tonight. What the council will do is not certain, though it probably will pass ordinances to pave the two and one-half blocks, and advertise for bids. If none are submitted the propositions will then probably be dropped.

Some predict that the council will decide tonight not to order in the two and one-half blocks of paving, realizing that it would be almost impossible to get bids on such a small amount. The remonstrances to the proposed paving have been stronger this time than when the council first proposed the paving, but later had to reject bids and readvertise, on account of flaws in the grade ordinances and resolutions.

Most Property Owners Oppose. The meeting of the street committee developed the following facts, according to Councilman Peery, as to the sentiment of property owners relative to the paving:

Third, Frederick to Grand; Grand, Third to Normal avenue, and Normal avenue from Grand to Munn avenue—For 10, against 16. Majority against paving 6.

Fifth, Market to Dunn, and Dunn, Fifth to Normal avenue—For 21, against 26. Majority against 5.

Thompson, Walnut to Main—For 11, against 16. Majority against 5.

Mulberry, Ninth to Twelfth, Twelfth from Mulberry to Prather avenue, and Prather avenue from Twelfth to west city limits—All against but one.

Ninth, Mulberry to Normal grounds—Big majority against paving.

Market, Edwards to alley north of First—For 22, against 26. Majority against 4.

Market, Third to alley north of First—For 7, against 4. Majority for 3.

Jenkins, Main to Market—None against paving.

Some Deeds in Dispute.

It is said the title to several pieces of property on that part of Fifth street proposed for paving were not legally made, but it is not likely that any contest along this line will be brought by the city, it is reported.

Those who favor the paving say that several who oppose the paving on these two streets pretended to transfer the rights to certain property in order to thereby get more names on the remonstrances.

Russian Government Considers Removal of Seat to Interior Through War, Reported.

Special to The Democrat-Forum. Berlin, August 17.—According to Petrograd papers just arrived here the Russian government is seriously considering the removal of its seat to Moscow or some other large city in the interior of the empire. This step may be taken if Riga falls into the hands of the Germans.

The minister of justice, Shchegolev, has submitted the plan to the czar, but the ruler does not favor it, as he considers an attack on his capital highly improbable, and does not believe that the unrest of the socialist working classes will lead to serious uprisings.

COMPANY F TO NAME OFFICER

First Lieutenant to Be Named in Election Tomorrow Night—Approve Rifle Range.

A call has been sent out by Captain John K. Ross of Company F, Fourth regiment, National Guards, for every member of the company to be present at the armory tomorrow night, when a special election is to be held for the purpose of electing a first lieutenant for the company.

The place has been vacant since the removal of Loren DeMotte last spring. That Company F is soon to have a creditable rifle range on which the militiamen may get actual practice in the use of the army firearms, was better indicated when Captain Gordon, inspection officer for this regiment came here yesterday to inspect the proposed rifle range, which he approved.

It is located northeast of the Lee bridge and admits of a long range. It was selected recently by Captain Ross and Arch Ledgerwood.

HAS HEAVY FIRE LOSS.

Barn and Granary on Frank Wood Ranch, Near Seward, Neb., Burned.

Frank Wood of Seward, Neb., a former resident of Nodaway county, met with a heavy financial loss a few days ago, when a large barn on his Nebraska ranch was struck by lightning and burned, together with a granary and its contents.

In addition to the buildings, the loss included 140 tons of hay, 200 bushels of oats, 300 bushels of corn and one horse. The other horses in the barn at the time of the fire were saved.

WARASH HAS LANDSLIDE.

Steep Bank Caves, Covering Main Line Tracks—Work During Night.

A slide of the steep bank made by the dredging on Normal hill, which resulted last night as a result of the rainfall, covered parts of the Wabash main line track there and necessitated considerable night work on the part of the improvement crew to remove the track obstruction.

It is feared by Wabash officials that considerable trouble will be caused there by the steep banks created through the big cut through Normal hill. Some steps to straighten the banks will probably be made.

TO REPAIR JEFFERSON SCHOOL.

Lightning Knocks Off Plastering and Damages Chimney—Little Other Improvement.

The damage done by the bolt of lightning which struck the chimney of the Jefferson School house, East First street, this summer, will be repaired within a few days, according to L. E. Carpenter, a member of the school board. He and W. H. Crawford, also a member, were working for the improvement yesterday.

The lightning tore off part of the chimney and ruined much plastering. Little other improvements are to be made on any of the school buildings, Mr. Carpenter said, as the board made several improvements along this line last year.

To New York University.

Elmore Frank, the son of Mr. and Mrs. J. D. Frank, left yesterday for New York City, where he will enter New York state university for the coming year. He will spend a few weeks visiting his grandmother, Mrs. J. B. Elmore, before taking up his studies.

SEND TWO TO FAIR

EXAMINATION TO SELECT BOYS FOR ANNUAL SCHOOL, SEPT. 3.

MEANS WEEK'S TRAINING

Nodaway County Youths Have Chance to Get Special Agriculture Instruction at Sedalia Next Fall.

Two boys from Nodaway county will be given free admission and free board and lodging for the full time of the Missouri State Fair at Sedalia, Sept. 25 to Oct. 2, as is the annual custom. The examination to determine which two boys of Nodaway county will represent this county in the Boy's State Fair School, will be held in the office of County School Superintendent Bert Cooper, Friday, September 3, with the assistance of one state official from the state public school department.

Any boy between the ages of 12 and 17, is eligible to take the examination for representation to the state fair. Dewey Burch, son of John Burch, near Pickering, was one of the two boys selected last year, but he took ill during the fair and had to return home. The examination to determine which boys shall go, is not difficult. It will consist of five questions on each of the following subjects: Arithmetic, geography and agriculture and a 250 word essay on "leguminous crops."

Last year about a dozen boys took the examination and about that number is expected to take the quizzes this year. An effort is now being made to have a state fair school for girls too, next year.

Get Much Practical Farm Education. In order that the fair may better serve the state in informing the young men as to her vast resources and teaching them how to use and conserve the same, the State Board of Agriculture is offering the above opportunity to two hundred and twenty-eight of the state's young men or two from each of the 114 counties.

On the fair ground during each day of the fair may be seen 114 small tents in each of which will be an outfit for two boys, two cots and mattresses, wash basins, combs and towels. In this camp will also be seen a large mess tent, in which the boys will receive three square meals a day, cooked by experts and served under the most sanitary conditions, and a large lecture tent, wherein the forenoons will be given various lectures and demonstrations for the instruction of the boys.

The state university, the department of agriculture, the State Poultry association and various individuals will give the young men the best they have. In fact, the entire educational force of the state will be concentrated at the camp for the purpose of giving to the most impressionable part of the state those facts which will count toward making Missouri a better Missouri.

Get Idea of Modern Methods. There will be at the disposal of these instructors the best stock, the best poultry, the best grain, the best fruit, the best silos, the best machinery—the best of everything to be used as concrete material with which to work.

In addition to this, one-half day will be spent in an auto ride over Pettis county, under the direction of Sam Jordan, the farm agent, and the boys will see the results of some practical work done by the best farmers of the state. This will be a great week for the boys.

The plan of supporting this school by the state and offering opportunity to young men from all counties to attend and receive valuable instruction in modern methods relating to agriculture has the approval of the agricultural college and educators of the state. Each boy is required to pay his railroad fare, but all expense while on the ground, including admissions, is met by the state.

The increasing interest manifested by the people shows the high esteem in which the school is held and warrants the fair board in making this a permanent feature of our state fair. The excellent essays written by the boys and published in the county newspapers describing the exhibits, stock shows, races, lectures, addresses and entertainment bear evidence that the object and purpose of the school have been fully realized.

Hear Able Farm Lectures.

Last year at the state fair school from 7 to 8:30 o'clock each morning the boys visited the places of interest and made notes on the various exhibits. From 8:30 to 9 o'clock each day they assembled in the lecture tent and were given instruction in the use of agricultural bulletins; more than fifty (Continued on page 2.)

DEFER BOOSTER BALL GAME

Maryville and St. Joseph Will Not Play Today.—No Games This Week.

The rain yesterday afternoon placed the Normal base ball diamond in such condition that the base ball game scheduled for this afternoon between the Maryville Boosters and the St. Joseph All-Stars had to be called off. As the base ball tournament opens at Hopkins tomorrow and continues three days, the Boosters will play no games this week.

The Boosters now have three games yet to play before finishing the schedule of thirteen games. The Boosters and the All-Stars may play next Tuesday afternoon.

MANY HORSEMEN TO ATTEND FAIR

PLAN HORSE SHOW IN CONNECTION WITH COUNTY EXPOSITION.

That the county fair to be held on the fair grounds here this summer by the Maryville-Nodaway County Fair and Agricultural association is to also include one of the best exhibitions of thoroughbred and racing horses of the middle west is the plan of Jim Andy Ford, manager. In addition to the usual daily racing contests on the fair ground track, a horse show for three nights of the week also is the association's intention. Manager Ford announced this morning.

WILL HAVE EXHIBIT 3 NIGHTS OF WEEK

Ford Townsend Offers Loving Cup to Winner in Horse Show—Many to Enter.

This show, although somewhat similar to that held several mornings last September during the fair, will be held at night in front of the grand stand, in addition to other evening attractions. There will be three classes shown, three-gait, five-gait and light harness animals, prizes to each being provided, they being double that of fered last year.

Loving Cup to Best Entry. In addition to the prizes offered by the association, Ferdinand Townsend, has decided to offer a large triple-plated silver loving cup to the winner of the show. This trophy is now on display here. The cup will be engraved with the name of the winner, the horse that won and the time. It stands about fourteen inches high.

It was Mr. Townsend's intention to offer such a trophy last year, but on account of other plans already being made in advance by the promoters, this special offer was dropped at that time. Dozens of leading owners of race horses or show animals through Missouri and the middle west have also written for concessions at the fair here, while offers of attractions also are flocking in in profusion.

CASH HARDWARE STORE.

Garrett & Eckert Will Place Their Business On This System September 1.

Commencing with September 1, the Garrett & Eckert Hardware company will place its business on a cash basis. This announcement was made by the firm today. After investigating the matter the members of the firm have concluded that they can benefit both their customers and themselves by so doing. They believe that by eliminating the expense made necessary by the credit system they can give their customers better inducements. Not only will less capital be required, but the expense of collecting and loss on accounts will also be done away with.

Mr. Garrett and Mr. Eckert believe that their customers will appreciate the advantages offered by the cash system, which has met with success in other lines of business.

Tarkio Depot Contract Let. Joseph McCoy, a Tarkio contractor, has been awarded the contract for the construction of a new station by the Burlington railroad at Tarkio.

The Burlington is having the old water tank torn down and the present station moved north, where it will be used as a freight depot. The new station will be of brick veneer, and the tracks on the west side will be changed and a park laid out.

LEO FRANK KILLED

GEORGIA MOB STEALS CONVICT FROM PRISON, THEN HANGS HIM.

PUT WARDEN IN IRONS

Armed Invaders Tied Guards, Then Took Victim—Found Near Grave of Victim.

Special to The Democrat-Forum. Atlanta, Ga., August 17.—Leo Frank, convicted of the murder of Mary Phagan at Atlanta two years ago, and recently placed in the state penitentiary, was taken from the prison at Milledgeville last night and was found murdered on Little river, near Marietta, Ga., early this morning by searchers and officers.

Frank's body was brought here today for safe keeping by men who took it from an undertaker's wagon at Marietta, near where the body was found. It was feared a mob would steal the body.

Hung Near Alleged Victim's Grave. Marietta, Ga., Aug. 17.—Leo Frank's body was found hanging to a tree two miles from here on the Roswell road, on Little river, at 8 o'clock this morning. The mob which took him from the prison at Milledgeville at 11 o'clock last night made good the threat that they would hang him near the grave of his alleged victim, Mary Phagan.

So quietly did the mob do its work that people here knew nothing of it until this morning, when the crowd was found viewing the hanging corpse. No shots were fired, nor was the body mutilated, except that when hung the prisoner on the throat, made by a fellow cut on the throat, was reopened and blood was still trickling down when the undertaker arrived an hour later to cut the body down.

Order an Investigation. His eyes had been bandaged and his hands tied behind his back by the mob before being hanged. He was clothed only by a sack tied about his hips.

Many women and babies crowded about the corpse. The mob disappeared completely from the community. It was supposed that the lynchers went from this county, but as far as is known every man here can account for himself last night.

Atlanta, Ga., August 17.—An investigation into the hanging of Leo Frank will be ordered by state authorities, it is announced. Milledgeville, Ga., August 17.—Leo M. Frank, Georgia's noted life term convict, was removed from the Georgia prison farm here last night by twenty-five armed men, who overpowered Warden Smith. Previous to the attack wires leading to the prison itself had been cut. Frank was placed in an automobile and rushed in the direction of Eatonton.

The attack was made shortly before midnight. The warden and most of the guards were sleeping on a rear porch of the main building in which the prisoners are confined, both he and guards were handcuffed, after which the party entered the prison and removed Frank.

HISTORY OF THE FRANK CASE

Hebrew Was Superintendent of Pencil Factory Where Mary Phagan, an Employee, Was Slain.

Leo M. Frank was found guilty of the murder of Mary Phagan August 25, 1913, and was sentenced to be hanged. He was the superintendent of the National Pencil company in Atlanta, in the basement of which the girl's body was found by a night watchman the night of April 27, previous.

Repeated attempts were made in the state courts to obtain a new trial for Frank, but without success. Efforts to obtain a writ of habeas corpus in the federal district court in Atlanta, and finally in the supreme court of the United States also were futile.

The night of June 21, this year, two days before the date set for the prisoner to be hanged, he was removed from the county jail in Atlanta and rushed to the state prison farm upon orders from Governor Slaton, now retired. The next day the governor announced that he had granted a petition made in Frank's behalf, asking that his death sentence be commuted to life imprisonment.

A few weeks ago an attempt was made by J. William Green, another life convict, to kill Frank by cutting his throat. Frank's condition was critical for several days, but it was announced recently that he practically had recovered.

Conception Junction Man Says Wife Acted Improperly—Was Before Circuit Court.

A suit for divorce on the grounds that his wife acted improperly by going automobile riding with other men at night and drank, was filed in circuit court today by Henry L. Hawley of Conception Junction against Lena Hawley, now said to reside in Mt. Airy, Ia.

The petition states they were married in August, 1911, in Iowa, and that she left him last March. Lena Hawley was tried in circuit court here last fall on a charge of having given liquor to a minor.

GET 2 RUSS FORTS

GERMANS CAPTURE FORTRESS AND 500 MEN AT KOVNO.

1 NEAR NOVOGEORGIEK

Teutonic Invaders Continue Drive Against Russians in Many Points.

Special to The Democrat-Forum. Berlin, August 17.—It is announced that the Kovno fortress between Niemen and Gozia has been captured with 500 prisoners. The buildings of the main part of the Kovno fortifications soon fell.

A big fort northeast of Novogeorgiek also is reported to have been captured by Teuton troops.

READY FOR HOPKINS TOURNEY

Maryville Federals Have Strong Line-up for Four-Team Base Ball Contest.

The Maryville Federals are all ready for the three-days baseball tournament which opens at Hopkins tomorrow afternoon, with the Federals and the Clearmont, Hopkins and Bedford, Ia., teams competing for the \$350 in prizes. Cleve Funk, Federal manager, announced this afternoon. And what is more, the Federals are going in to win first prize of \$125.

The local team will have two mighty fine twirlers to do the trick with. Manager Funk said he would pitch Fern Willey, the fellow who struck out fourteen Staeberry players Sunday, as pitcher tomorrow and Friday. Clay Vaughn, who came to Burlington Junction recently from the Kearney, Neb., state league team, will probably twirl for the locals Thursday.

Richardson will be receiver for all three games, it is planned. The remainder of the line-up for the game tomorrow and probably the other two games, is: Tilson, lb; Palfreyman, 2b; Rapp, 3b; Scott, ss; Morris, if; Carmichael, cf; Miller, rf.

Palfreyman and Scott may be transferred for one or two of the games, Manager Funk said. James McClymens of College Springs, Iowa, will umpire the games.

Quite a bunch of baseball fans of Maryville are intending to witness all or part of the tournament.

GALVESTON CUT OFF, WHEN HURRICANE SWEEPS OVER SEA WALL.

FIRES ADD TO DAMAGE; GULF CROPS DESTROYED

Coast Communication for 200 Miles Eliminated—Say Grand Island Is Submerged.

Special to The Democrat-Forum. New Orleans, August 17.—Galveston is today emerging from the flood resulting from the hurricane. Five lives were lost and property damaged to the extent of \$1,000,000, it is estimated.

Water is flooding many of the streets near the gulf sea wall, but is reported to be receding today. Several fires broke out over the city, which were doing considerable damage this morning. The Grand hotel is one of the buildings which is burning.

The transport McClellan is among the many boats damaged by the hurricane.

Communication with Galveston, by telegraph, telephone or wireless is almost completely cut off, and train service has been annulled.

Austin, Texas, August 17.—Galveston, Houston and numerous other cities on and near the gulf coast is cut off from communication as a result of the hurricane. Efforts made to learn the extent of the storm damage have been unavailing.

It is known that part of the causeway between Galveston and the mainland has been cut away, however. Water is reported to be three feet deep in Galveston, but government weather warnings there prevented much loss of life.

Telephone and railroad companies are rushing gangs of workmen to repair the broken lines between Galveston and Houston and Beaumont.

Houston, Texas, August 17.—Refugees arriving here today from Galveston report few lives lost in the hurricane which swept that city yesterday. Considerable property damage was done, however, and numerous boats were overturned in Galveston bay. Many Galveston streets are reported to be flooded.

Austin, Texas, August 17.—Two hundred miles of coast between Sabine and Matagorda is cut off from the world as a result of the hurricane which swept the coast of the Gulf of Mexico yesterday and today. It is feared some ships at sea met with disaster. Crops in this section have probably been ruined.

It is reported that Grand Island, Texas, is under six feet of water. Rain is still falling in torrents here. The hurricane has penetrated a considerable distance inland through Texas and Louisiana.

BRIT TRANSPORT IS SUNK

Royal Edward, With 1,602 Troops Aboard, Struck by Submarine—Report 600 Saved.

Special to The Democrat-Forum. London, August 17.—The British transport Royal Edward was sunk by a German submarine while conveying troops to the Dardanelles, the admiralty announces. There were 1,602 troops aboard, the admiralty says, while 600 have been saved.

It is believed the same submarine sunk the Royal Edward that sank two British warships off Gallipoli. The transport was using every precaution to escape attack.

Miss Nelle Hudson will spend this week at Skidmore, the guest of Miss Carrie Torrey.

PEACE WITH HONOR.

"Peace with honor is what President Wilson is trying to hold for the United States," said Thomas R. Marshall, vice-president, in Kansas City yesterday.

But if it should come to the point where we would not be able to maintain peace with honor and would have to scrap, then we would scrap and that's all there is to it."

The jingoes who jeer and mock and scoff and scorn the pacific people, accusing them of selfish timidity will find in this phrase, peace with honor, a cattle guard to stop their rush upon the track to war. What is peace with honor? Where peace with honor ends, war with honor begins.

This is all that pacifists demand. To fix the point for the parting of the ways is the only issue. Pacifists are not afraid to fight. Bryan, one of the first in peace, was one of the first to enlist in the Spanish war. President Wilson while bearing with patience for the sake of justice the infirmities of the Southern Republic will not be accused of hesitating from any dread of the outcome.

Nor by any unselfish interest, Mexico would crumble like an eggshell under the iron wheels of our howitzers. The invitation to South American republics to join in an appeal for peace was not for military help. It is the initial trial of the coming system of a United States of the world for policing national lawlessness with such superior force as will overawe anarchy.

It may fail and such reasonable force as is necessary to arrest and restrain anarchy may become necessary. If so the proceeding will be without hatred or ambition or covetousness and in the form of justice for humanity's sake. What is war with honor? Honor or fame from no conditions rise, act well your part, there all the honor lies."

Every form of reason and right known by a people learned in the arts of governing themselves, must be used to avoid the release of the dogs of war, those begging militarists now straining at their leashes to be let loose. Violence is only fit to be the sheriff of justice.—Moberly Monitor.

FIRE CAUSES \$1,500 LOSS

Lightning Ignites Hay Barn on August Stelter Farm, Near Clearmont—3 Horses Killed.

A big hay barn on the farm of August Stelter, near Clearmont, was struck by lightning during the thunder storm of yesterday afternoon and set on fire, and the barn and three horses and about 50 tons of hay destroyed.

Lewis and Henry Stelter and Edward Morrell, who were working in the field, had taken shelter in the barn when the storm struck. All three were stunned by the electrical shock when the bolt struck the barn. One horse was killed by the lightning and the other two were burned to death.

The total loss to Mr. Stelter is about \$1,500, and he carried no insurance.

A barn on the C. D. Horn place, in Elmo, was also struck by an electrical bolt and slightly damaged during the storm.

SUBMARINE SHELLS BRITISH COAST TOWNS

London, Aug. 17.—Pardon, Harrington and White Haven, in Cumberland, England, on the Irish sea, were bombarded by a German submarine, a British official statement announced. Some fires were caused, but the damage was slight and there were no casualties, the statement adds.

The text of the statement follows: "A German submarine fired several shells at Pardon, Harrington and White Haven, in Cumberland county, between 4:30 a. m. and 5:20 a. m. but no material damage was caused. A few shells hit the railway embankment north of Pardon, but train service was only slightly delayed. Fires were caused at White Haven and at Harrington, which were soon extinguished. No casualties were reported."

CATTLE, SHEEP SELL LOWER

Boost in Prices Increased Last Week But Declined Again—Hogs Sold Better.

Kansas City, August 16.—There was a suspicion of strength in the cattle market late last week, but liberal supplies around the market circle today removed the bloom, and sales are called steady to 10c lower.

Receipts here are 17,000 head, the largest supply this season, and well distributed as to quality and breeding. Top corn-fed natives sold at \$9.90, a number of sales around \$9.75, mixed yearlings \$9.85, prices steady with last week. The middle grades sold 10c lower to both killers and feeder buyers, at \$7.75 to \$8.60 for most sales. It was predicted that feeders would undergo a break today, but there was outlet for them at only slight reduction from the close of last week, though 15 to 35 cents under a week ago. Some good 1,100-pound Kansas feeders sold at \$7.90. Stock grades are 50 cents below a week ago.

A drove of good reds and blacks weighing 800 pounds sold at \$7.90, which would have brought \$7.50 or better a week ago. Good 900-pound Shorthorn feeders, thin fleshed, sold at \$6.75, and useful stock cattle can be bought at \$6.50. Breeding heifers are selling higher than anything else on the list, a four-car drove of yearlings today at \$7.60, weighing 590 pounds, with nothing extra in the way of breeding.

Quarantine receipts were 47 cars, market steady to 10c lower, fed steers \$7.75 to \$8.50, Oklahoma grass steers \$5.90 to \$6.85, wintered steers, \$7.60.

Hogs sold strong to 5c higher to order buyers, and steady to packers. Order buyers are getting 30 per cent of the hogs here, and as these are all of the choicest grade, the hogs left for packers fully bear out their name, "mixed packers." Receipts were 1,000 head, order buyers paying \$7.25 to \$7.47½ for their hogs, packers stopping at \$7.35, and heavy hogs at \$7 to \$7.15.

A local packing house is buying hogs at Omaha to a very large extent, and claim they are getting their hogs much cheaper by that method than they could buy them here.

Sheep and lambs are 15 to 25 cents lower today, following weakness Thursday and Friday. Receipts were light here, 4,500, but heavy at Omaha and Chicago. Medium native spring

WEDGE DRIVEN IN RUSSIAN FRONT

Left Wing of Bavarian Army Fights
Way Across River Bug.

MACKENZEN IS ADVANCING.

Van Hindenburg Also Credited With
Successful Attack on Advanced De-
fenses of Kovno—Hand Grenade and
Mine Fighting on Western Front.

London, Aug. 17.—The left wing of the Bavarian army, under Prince Leopold, has fought his way across the Bug river near Drohobyszyan, which lies to the east of Sokolow, and is some fifty miles northwest of Brest-Litovsk, according to the official Berlin report. This move forms a slight wedge in the Russian front, which had been virtually straight since the Warsaw salient was abandoned.

Field Marshal von Mackenzien also is reported to be pushing back the Russians along the Bug, where the Germans are advancing along the eastern bank of that river. Farther west, Field Marshal von Hindenburg is credited with a successful attack on the advanced defenses of Kovno. As well as a successful attempt to break the Russian lines between the Narew and the Bug after the Norzaw river had been crossed by the Germans. The Russians report German attacks on Oswowetz.

The usual grenade and mine fighting is reported on the western line, and here has been activity along minor fronts in the Caucasus, where the Russians claim that they have successfully repulsed Turkish attacks.

An official Turkish dispatch, according to a dispatch from Constantinople, asserts that the town of Van has been recaptured from the Russians. The report announces the repulse of an attack by the allies on the Gallipoli peninsula.

FEARS NAVAL TARGET SLUMP

Gardner Tells Daniels Recent Gun-
nery Showing Is Poor.

Washington, Aug. 17.—"Eight hundred and twenty-six shots with ninety hits doesn't sound much like the 95 per cent of accuracy which we have heard so much about, does it?" asks Representative Gardner of Massachusetts in a letter to Secretary of the Navy Daniels.

In renewing his controversy with Mr. Daniels concerning the efficiency of the ships of the navy, Mr. Gardner presents a statement that the best score made by any ship in individual practice this year was that of the New York, twelve hits out of seventy, while the New Hampshire was lowest, making only one hit out of twenty-eight shots.

Servians Block Austrian Movement.

Paris, Aug. 17.—A Havas dispatch from Nish says that the Servians, with a few shells, stopped the enemy from working on defenses in front of the village of Dobra, on the Danube. On the same day Servian artillery before Vukobrod, near Belgrade, engaged in a duel with a hostile battery stationed in the village of Starcevo, and at the twelfth shot reduced the enemy's guns, which had fired sixty shells, to silence.

Italian Reserves Cause Riot at Boston.

Boston, Aug. 17.—The assembling of 1,300 Italian reservists, who were to sail on the steamship Canopic, and their friends was marked by demonstrations against the interned German steamships Amerika and Cincinnati, as a result of which three policemen were severely injured. Seven persons were arrested.

President Not Going to Plattsburg.

Washington, Aug. 17.—President Wilson will not visit the citizen soldiery camp at Plattsburg, N. Y., because he feels public business forbids him to leave Washington at this time. He has written Major General Leonard Wood, who invited him to the camp, expressing his regret and his interest in the movement.

Here's Wizard of Potatoes.

Waupaca, Wis., Aug. 17.—E. J. Rose, a potato raiser here, has discovered how to raise potatoes already peppered and salted. Now he will devote his efforts to a cultured potato. His scheme for peppering the potatoes is to plant green peppers nearby. The salt is injected by pouring brine over the hills.

Two United States Marines Drowned.

Washington, Aug. 17.—Two American marines were washed overboard from the battleship New Hampshire and drowned while the ship was sailing through the gulf hurricane somewhere south of the Florida coast. The marines were James Franklin Robinson and Eddie Wayne Ray.

Mexicans Kill U. S. Trooper.

Brownsville, Tex., Aug. 17.—About 100 Mexicans forded the Rio Grande near Mercedes and partly surrounded twenty-one men of the Twelfth United States cavalry. They killed one trooper and wounded two.

Had Him Guessing.

Mr. Albert Kuchs, as everyone knows, is just about the most polite inhabitant of the city, but once in a while around the theater he has a question to answer that clearly puzzles him. For, of course, he needs must keep that dime in sight when he answers a patron's question.

The other night a woman approached Mr. Kuchs with the query: "I would like to know if this show is perfectly moral and proper?"

Mr. Kuchs cast a scrutinizing look at his questioner and then answered hesitatingly: "Really, I am not a good enough judge of human nature to know which way to answer."

To Entertain I X L Club.

Mrs. Guy Mutz will entertain the members of the I X L Embroidery club tomorrow afternoon at her country home, west of the city.

L. I. Club Entertained.

The L. I. club was very pleasantly entertained Thursday afternoon at the home of Mrs. Rufus Ringgold, near Hopkins. Mrs. U. A. Anderson, vice president, presided during the business period in the absence of the president, Mrs. Sam Flores. The subject of study was "The Country Doctor," and this was divided into "Stocking the Home Medicine Chest" and "How to Use It." Some very beneficial things were brought out in the readings and discussions. The comparison given between the early day method and the present was especially interesting. A musical program and a delicious lunch, served by Mrs. Ringgold, concluded the meeting. Miss Hazel Pope of Maryville and Mrs. John Taylor were visitors. The next meeting will be August 26, with Mrs. Loren Gillespie as hostess.

Entertains Berean Class.

A Change in Business Policy

Beginning Wednesday, September 1, 1915, This Store
Will Adopt a Strictly Cash Business.

We have given the matter the most earnest consideration and the more we have thought about it the more firmly have we become convinced that this is the correct business policy, because it not only saves us from the chance of loss, but it makes it possible for us to sell our goods at lower prices—which is the end of the proposition that interests our patrons.

The credit business is expensive. It is not so much that a considerable amount is lost through failure to collect the accounts that are made, because the loss in this way is small in any business where the credit department is careful about the names that get on the books.

The trouble with the credit business is that it takes about twice as much capital to conduct the business as is necessary where the money comes in when the goods go out. This is made necessary for the reason that when the goods go to our patrons and a charge is made we have to get more money to replace the goods—and that means we have to supply the money that is represented in the charge accounts and then supply a like amount to pay for the goods that are required to keep the stock replenished.

When you are buying for cash and selling for cash it means a quick exchange of the same working capital. For instance, under the cash system we buy a bill of goods, paying cash and getting the advantage of the cash discounts that are always available to the cash customer. We sell that bill of goods to you for cash. We then have the money ready to use again.

Selling goods for cash means a saving to the customer—and the merchant who expects to remain in business must so arrange his business as to enable him to make the prices that will get and hold the patronage of his trade territory.

We know that we can sell at a lower margin of profit if we sell for cash. We know the people residing within the trade territory of Maryville can pay cash if there is sufficient inducement to do so. We know we can offer the inducement that will prove attractive to our patrons.

YUAN WOULD BE EMPEROR

President of Chinese Republic
Planning to Restore Monarchy.

ARRANGEMENTS ARE ALL MADE

News Just Leaks Out and is Being
Telegraphed Throughout Country.
Creating a Great Sensation—Backed
by American Adviser.

Peking, Aug. 17.—The project of
proclaiming himself emperor is being
discussed by Yuan Shi Kai, president
of the Chinese republic, with his im-
mediate supporters and Professor
Frank Johnson Goodnow of Johns-
Hopkins university, legal adviser to the
government, who is spending the sum-
mer in Peking.

Professor Goodnow, who secured the
confidence of Yuan Shi Kai by advice
given during former critical times, has
been consulted on this question since
his arrival in Peking, a month ago,
and it is learned that he approves the
project.

The news became public by the de-
liberate publication of an article for
the information of business men, dis-
cussing whether a monarchy is not the
better form of government for China.
The published article quotes Professor
Goodnow as declaring that for China
a monarchy is a better form of gov-
ernment than a republic and that
it would suit him. The common stock of the
"conditions are different in China and
America, and it is impossible to trans-
plant a system from one country to
another."

It was learned from one of Yuan
Shi Kai's immediate supporters that
if the project proved feasible the plan
is to establish the monarchy within
two years. The news has created a
sensation in Peking and is being tele-
graphed throughout the country.

Republic Born in 1912.

China became a republic on Feb. 12,
1912, upon the abdication of the Em-
peror Kuang Su, following the revolu-
tion of the previous year. A pro-
visional constitution, formulated by
the revolutionary government of Nan-
king, was accepted and under this a
provisional parliament met in Peking
on April 8, 1913. A permanent consti-
tution was drafted and the articles
dealing with the election and term of
office of president and vice president
were passed by parliament. Under
these, Yuan Shi Kai, on Oct. 6, was
elected president for a five-year term.

MEXICANS BUSY IN TEXAS

Bandits Are Trying to Reorganize
Bands in Lone Star State.

Brownsville, Tex., Aug. 17.—Reports
of renewed attempts by Mexican band-
its to reorganize their bands in the
lower Rio Grande valley were brought
here by J. J. Saunders, captain of
Texas rangers. He said he had re-
ceived reports that Mexicans are
crossing by ones and twos into Texas
and that they are attempting to gather
again in Hidalgo county, west of
Brownsville.

The Twenty-sixth infantry, from
Texas City, went on duty here. About
seventy-five men of the regiment were
left at Kingsville, 115 miles north of
Brownsville, and more than two com-
panies went on patrol at Harlingen,
between here and Kingsville.

Rangers and peace officers are dis-
arming all Mexicans outside of the
larger towns throughout the Brown-
sville section. Firearms discovered in
the possession of Mexicans in rural
communities of this section is prac-
tically equivalent of a death warrant
unless that Mexican is well known to
Americans as being peaceful.

The embargo on arms and ammu-
nition which rangers have put on
Mexicans on the American side is the
most effective munition embargo on
record in this valley. Penalty for
smuggling through this ranger em-
bargo is death.

WOULD INSPECT SOFT DRINKS.

State Could Collect ½ Million in Fees,
Speed Mosby Says.

Thomas Speed Mosby, state beer in-
spector, proposes an amendment to the
beer inspection statute which will per-
mit the inspection of soft drinks and
thereby add ½ million dollars annually
to the state revenues.

"Under our statute and the court
decisions construing it," said Mr. Mos-
by, "We are now collecting these fees
upon all the so-called temperance
drinks which contain malt and are
held to be malt liquors, and the terms
of the statute can be easily enlarged to
include those effervescent beverages
which do not contain malt or alcohol in
any degree.

"Soft drinks as well as other drinks
may contain harmful ingredients, and
the reasons for safeguarding the public
health are as strong in the one case
as in the other. These nonalcoholic
beverages are a luxury, just as alco-
holic beverages are, and the inspec-
tion fee placed upon them could not
be regarded as a burden upon any nec-
essary of life."

CLARINDA PLANS BIG FAIR.

Iowa Races and Exhibition Begins Au-
gust 24—Build New Amphitheater.

The Clarinda Fair association has
just completed a new concrete and
steel amphitheater, to seat 1,000 per-
sons. The amphitheater is 30 by 150
feet, and in front of it extends a 30-foot
paddock. It is located on the north
west corner of the race track, about
100 feet north of the old wooden am-
phitheater.

Two new cattle barns, with a ca-
pacity of 40 head each, have also been
completed. The race track is being
plowed up and worked into the best
possible shape. Clarinda is a member
of the "Short Ship" circuit, which in-
cludes Malvern, Corning, Bedford,
Omaha, Shenandoah, Maitland and
Maryville. The Clarinda association
has put up \$3,000 in purses.

The premiums and attractions are
the most expensive in the history of
the association. The catalogue, which
has just been issued, shows \$3,000 in
premiums, with a great number of spe-
cial offers by Clarinda merchants. The
Fifty-Fifth Iowa Regiment band and
two other bands have been engaged to
play, and Paine's fireworks will be
shown on the afternoon and night of
August 25.

The great attraction will be Art
Smith, the noted aviator, who has
thrilled the exposition crowds at San
Francisco, and proved a worthy suc-
cessor to Lincoln Beachey. Smith is
engaged for flights on the afternoons
of August 25 and 26, and on the night
of August 25 he will fly with fireworks,
looping the loop and leaving behind
him a blazing trail.

Visiting in Chicago.
Mrs. G. A. Nash and daughters, Alma
and Elizabeth, left yesterday for Chi-
cago, where they will spend several
weeks visiting.

TO ISSUE A 11-CENT STAMP.

New Sticker authorized to Meet Parcel
Post Demand.

An 11-cent stamp, the first of this
denomination to be issued, has been
authorized by Postmaster-General Bur-
leson, to meet the parcel post demand.
It is to be distributed to postmasters
throughout the country.

The new stamp is dark green, and
bears the profile head of Benjamin
Franklin. The new stamp is designed
to meet the demand for one stamp to
cover insurance and C. O. D. charges
on parcel post matter. In addition,
all parcels for local delivery weighing
twelve or thirteen pounds carry 11
cents postage as do parcels weighing
seven pounds in the first and second
zones.

URGE THRIFT DAY NEXT MONTH.

Frisco Congress Wants National Action
to Promote Money Saving.

Designation of the Sunday preceding
Labor day each year as Thrift day has
been asked of President Wilson and
governors of states in resolutions
passed at the second day's session of
the First International Congress for
Thrift. Labor organizations, it was
said, have promised to support this
movement.

Only 2 per cent of Americans are in-
dependent of a daily income, it was
said by S. W. Straus of Chicago, pres-
ident of the American society of thrift.
He said 66 per cent of the people who
die in this country leave no estates and
97 per cent of Americans at the age of
65 are partly or wholly dependent on
charity.

"Unless these conditions are cor-
rected," Straus said, "we will reach a
state of national poverty some day. All
European nations for generations have
been compelled to practice thrift. It
is through the churches and the
schools that these lessons must be
taught."

A letter from William Howard Taft
former president of the United States,
pledging his moral support to the thrift
movement, was read.

MISSOURI SUFFERERS FIND GREAT REMEDY

Thousands needlessly suffer from
stomach ailments, handicapped in
their work and pleasure. The stom-
ach is the mainspring of life and the
body cannot run without it.
You want to be well quick.

A great many people in Missouri
and thousands all over the country
have found the way to health by the
use of Mayr's Wonderful Remedy. The
first dose shows results. Here are
the words of two Missourians:

Mrs. J. B. Trullinger of Norborne,
Mo., wrote: "Words cannot express
my appreciation of your medicine. I
have felt fine all summer and fall.
Am gaining weight."

W. T. Jennings, cashier of Bank of
Bois D'Arc, Mo., writes: "Please send
four more bottles of the stomach rem-
edy. Both my wife and I use this
medicine and think it truly wonder-
ful."

Mayr's Wonderful Remedy gives per-
manent results for stomach, liver and
intestinal ailments. Eat as much and
whatever you like. No more distress
after eating, pressure of gas in the
stomach and around the heart. Get
one bottle of your druggist now and
try it on an absolute guarantee—if not
satisfactory money will be returned.

Returns to Montana.

Edith Elizabeth Reece, who has
been spending the past two months
with her grandparents, Mr. and Mrs.
Joseph E. Reece, left Saturday for her
home at Livingston, Mont.

The little girl is the 12-year-old
daughter of Mr. and Mrs. Hubert
Reece of Livingston, and made the trip
to Maryville and return alone. She
came for health benefit and the visit
was very beneficial to her.

Guest of MacDonald Family.
Mrs. William Grammar, Sr., of Junc-
tion City, Kan., arrived in Maryville
today to visit her sister, Mrs. D. E.
MacDonald, and family.

Listen!

Get this for what ails you!

JUST about as
soon as you
get next and
try Prince Albert
tobacco you'll
wise right up that
it was made
for your taste!
And that's no
idle dream!

Line up in the row with other men;
then you'll sure enough wake up to
some pipe and cigarette makin' facts!
It's this way: Costs you a dime for a tidy

red tin of P. A. that'll prove in jig time
that you never did get such flavor and
fragrance, whether you hit a jimmy pipe
or roll up a delightful makin's cigarette.

PRINCE ALBERT

the national joy smoke

Puts the half-Nelson on all pipe and
cigarette grouches because it can't bite
tongues and can't parch throats. And
you prove our say-so! P. A. is made by
a patented process that cuts out the bite
and the parch. This patented process is
controlled exclusively by us. Remember
that when you hear some of that "as
good as P. A." stuff!

Right off the bat you'll get mighty happy if
you'll get to Prince Albert like you're on the
trail of a best bet. For you never will get
honest and true tobacco satisfaction till you
get chummy with Prince Albert—the national
joy smoke!

Sold everywhere in tippy red bags, 5c
tidy red tins, 10c; also in pound and
half-pound humidor.
